

Sustainable Chemicals and Materials for Defense Forum

May 15, 2013, 12:30-2:30PM EST

Webinar Agenda

12:30 PM	Antitrust Reminder and Introductions	Joey Skoloda, Navista
12:35 PM	Welcome	Paul Yaroschak, DoD
12:40PM	Summary of 2013 GlobalChem conference and emerging topics of interest	Rob Simon, American Chemistry Council
1:00 PM	Proposed SNURs for carbon nanomaterial's & bio-based chemicals/NCEs overview	Lynn L. Bergeson, Managing Partner, Bergeson & Campbell P.C.
1:20 PM	Briefing - National Research Council Study for DoD on Evolving Lead Science & Adequacy of OSHA Standard	Dr. David Dorman, North Carolina State University & NRC Study Committee Chair
1:40 PM	NRC Study <ul style="list-style-type: none">• Questions & Feedback• Planned DoD response actions	All Participants
2:00 PM	DoD Quick Updates: <ul style="list-style-type: none">• DecaBDE & Sustainable Chemicals Roundtable• Sustainability in Acquisition Initiative• Results of DoD Phase I Impact Assessment for 1-Bromopropane; Elevation to Action List• Results of DoD Screening Reports for NTO, DNAN, NDMA• DoD Strategy for Minimization of Hexavalent Chromium• DoD Meeting with Dr. Ken Olden (EPA-NCEA) on IRIS risk assessment process• Summary of EPA Scientific Advisory Board Deliberations on Perchlorate MCL• DoD Strategic Materials Recovery Project	Paul Yaroschak, Tricia Underwood, Anita Meyer, DoD & Drew Rak, Noblis
2:20PM	Participant company discussion and areas of interest for future conversations	All Participants
2:30PM	Webinar Ends
